November - 2025

"Oh, that they had such a heart in them that they would fear Me and always keep all my commandments, that it might be well with them and with their children forever!" (Deuteronomy 5:29 NKJV)

Normally, you receive monthly updates from us as we recount our latest activities. However, in this newsletter, we would like for you to join us as we unpack the project from start to finish. This project is just one month long, during the month of November. It's a part of our **Projecting the Gospel** outreach as we take the Gospel to 100 public schools on the Comarca. Here's how it works.

The month of September has been designated, by statute in Panamá, as **Month of the Bible**. During that month, pre-approved persons are permitted to address the entire student body with a presentation of the Gospel. However, this year, due to the teachers' strike in Panamá, **Month of the Bible** was moved from September to November. We had previously asked for permission to enter into 25 public schools during the month of September however, when we received a written response from **MEDUCA** (the Minister of Education) they surprised us by granting us permission to go to 100 schools. Are you going to help us rise to the challenge?

Note: with very few exceptions, schools on the Comarca only hold classes through the sixth grade. So, the students are 11-12 years of age or younger. On Mondays, during the day, our five teams of volunteers (comprised of seven persons in each team) will enter into five different schools where they will hold a VBS style presentation for the entire student body. There will be a Bible lesson, a character story, crafts (this year each student will make a copy of **The Wordless Book**), and a snack. An invitation is given at the end of the presentation for those who wish to accept Christ as their personal Savior. Then, we encourage each student to invite his/her family and friends to watch **The Jesus Film** (dubbed in the Ngäbere language) which we present on the school's soccer field at night for the entire village. On Tuesday, we're off to five new schools, and so on. Your part in the team? We need prayer warriors to bathe this project with prayer! We're expecting great things from God!
